

What is Next OnBoard?

Next OnBoard is an affinity group of OnBoard, whose mission is to increase the number of women on public and private boards in Georgia. Building a pipeline for candidates ready now and in the future is important to that mission. It is never too early in a career to start building the credentials, experience, skills and networks needed to advance to senior leadership, which can then lead to public and private board service.

Next OnBoard was created to engage high potential early and mid-career professional women to inform, educate and help them on the path to senior leadership roles and the potential of board service.
